

Prairie Scavenger Hike

Illinois is known as the Prairie State. Two thirds of the state was once covered by prairie. Now, only a few true remnants remain. The prairies of the Lincoln Marsh are undergoing restoration. As you go on a nature hike, use these clues to find different features of this wonderful habitat. Use the marker provided to cross off each object you find. **Be sure to only use your eyes! NO PICKING!** When you are done exploring, please clean the Scavenger Hike sheet off with a dry cloth or tissue.

<p>A Purple Flower</p> 	<p>Bird Perched on Nest Box</p> 	<p>A Leafhopper</p> 	<p>A Prickly Leaf</p>
